<b>1</b>	S120Y111-01	120/208V, 3Ø, 4W+G	USED – HOLES BOTTOM RIGHT	 A photograph of a silver Liebert TVSS surge suppressor unit. The unit is rectangular with a control panel at the top. The control panel features a small LCD screen and several buttons. Below the screen, the Liebert logo and the text "INTERCEPTOR SERIES SURGE SUPPRESSORS" are visible. At the top of the unit, a small black label reads "TVSS". At the bottom of the unit, there is a small white label with text that includes "This product has been available for 25 years" and "The Second Edition of the Standard for Safety - Transient Voltage Surge Suppressors (UL 1449)". The Liebert logo and "Global Services" are also visible at the bottom right of the unit.
